### **Detailed Action**

#### ***Response to Amendment***

Claims 1-18 and 41-52 are pending. This action is in response to the amendment received October 26, 2005.

#### ***Response to Arguments***

The rejection of claims 1-18 and 41-52 under 35 U.S.C. 102(e) as being unpatentable over Vlahoplus (US 2002/0029183) is maintained.

Applicant's arguments filed October 26, 2005 have been fully considered but they are not persuasive.

In response to the arguments concerning the previously rejected claims the following comments are made:

Applicant alleges that the prior art made of record fails to teach selecting execution of a presorted sequence of actions based on single actuation. The examiner disagrees with applicant's representative since Vlahoplus teaches selecting execution of a presorted sequence of actions based on single actuation (para. 0195-0208; figs. 16a and 24a-24c). In other words, Vlahoplus teaches a user selects a link to information that is presorted in that one particular link. Users select a link to view, enter, or edit information regarding parties associated with the user. The presorted sequence of actions enables a user to make changes. The presorted sequence of actions include mortgage brokers page, commodities, hourly consumptions, and attorneys information page.

Art Unit: 3624

With regards to the claims rejected as anticipated over Vlahoplus, the examiner would like to point out that the reference teaches the claimed limitations and thus provides adequate support for the claimed limitations. Therefore, the examiner maintains that Vlahoplus anticipated the claimed limitations.

### **Conclusion**

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
